

## Chicago Metallic Exact Stack™ Pizza Pans

**Engineered to stack securely, yet release easily when lifted.**

- Save 30% more space in the cooler and prep area by eliminating the need for lids or pan separators
- Eliminate risks of falling pans or crooked stacks
- Pans are constructed of high-strength aluminum with a surface that will not chip, peel, rust, or interact with food
- Optional AMERICOAT® ePlus offers the characteristics of a non-stick coating with the flexibility to use metal utensils

### 30% Space Savings
